

KID'S NATURE CRAFT CLUB 2012

Join us monthly at 1 p.m. Club is most appropriate for children ages 5 to 10. Pre-registration is recommended. Workshop fee is \$5 plus admission.

January 28 - Stars

Create a constellation candle holder while investigating the night sky.

February 25 - Wetland Animals

Make a cast of a wetland animal's tracks and learn about animal tracking.

March 24 - Birds

Come learn all about birds and make a bird themed board game to take home and play with your friends.

April 28 - Recycling

Celebrate Earth Day by creating a recycled gift bag and discover the many things we can do to help wetlands.

May 26 - Animal Calls

Explore the many sounds of Oak Hammock Marsh. Make different wetland animal calls to use at home.

June 23 - Microscopic World

Explore the microscopic world. Make your own bug viewer and net to take home.

July 28 - Plant Uses

Discover the many uses of plants. Create a tie-dyed bandana using plant dyes.

August 25 - Wetland Plants

Discover the many fascinating plants found in a wetland. Make a unique doll using the leaves of the cattail plants.

September 22 - Getting Ready for Winter

Discover the many ways plants and animals get ready for winter. Make a beautiful leaf placemat for your table.

October 27 - Migration

Fly south with the birds. Become a bird by creating your own bird visor and wings as you learn about migration.

November 24 - Bird Feeding

What do our winter friends eat? Learn what to feed winter birds and create stunning art work out of bird seed.

December 22 - Snow

Let it snow! Explore how amazing snow is and make a snow gauge to take home.
