## Oak Hammock Marsh

### Year Round Programs

Oak Hammock Marsh Interpretive Centre offers many opportunities to bring an exhilarating and educational experience with nature to groups of all sizes. We offer a wide range of indoor and outdoor experiences to suit every budget.

#### Guided Marsh Walk

**1 hour**

Enjoy the fresh air and discover the basics of birding as we hike along the marsh trails. We will introduce you to the history and management of the marsh and its seasonal inhabitants. Binocular and field guides are provided.

Winter walks are conducted on snowshoes!

#### Discovery Tour

**1 hour**

A guided exploration of the Interpretive Centre and exhibit halls. Take part in activities related to our many fascinating exhibits. Get a birds-eye view of the marsh from the observation deck and tour our boardwalk over the water. Our exhibits are fully wheelchair accessible including the rooftop observation deck.

#### Bannock Bake

**1 hour**

Learn how to prepare and cook your very own bannock, a type of quick bread, over an open fire just like the Voyageurs did years ago. A brief history of bannock as well as voyageur stories may be shared as your bannock is gently turning golden brown over the open fire.

#### Marsh Mystery Challenge

**3 hours**

This geocaching-based program uses GPS to send teams into the marsh in search of hidden clues. Solve puzzles and tasks in order to obtain coordinates then retrieve the information necessary to solve the Marsh Mystery. May require the use of a canoe, chest waders, snowshoes (in winter) and a good sense of adventure. This is a great team building activity!

\*Customized tours can be created to meet your group's specific needs.

## Oak Hammock Marsh

### Seasonal Programs

Oak Hammock Marsh Interpretive Centre is open year round, however some programs are more suited to specific times of the year and day. Programs can be customized to suit your needs. Please inquire about the various options available.

#### **Bird in the Hand, Signature Experience (May - September)**

**2 hours | Special Price - \$30 per person**

This experience creates an intimate connection with nature where visitors may hold a wild bird as they are released after banding. This activity allows them to participate in an important facet of North American research that has been taking place for more than 100 years. The experience also takes participants into the heart of a thriving wetland as they canoe through channels in search of wildlife. More than 300 species of birds have been documented in this 36 square kilometer wetland – over half of all the birds species found in Canada.

#### **Voyageur Canoe Excursion (May - October)**

**1 hour**

Gently glide through the marsh in our 10-passenger voyageur-style canoes. As you provide the paddle power, get a duck's eye view of the amazing diversity of wildlife that inhabit the marsh.

#### **Fall Migration Viewing (September - October)**

**2 hours - offered preferably at sunset**

Experience the magic of migration at the marsh! Learn about the birds that visit us during migration season with a special seasonal presentation in our theatre and quick tour of the exhibits followed by an observation session from the rooftop. Witness the magic of migration as thousands of birds return to the marsh.

#### **Wader Walk (July - October)**

**1 hour**

Explore the marsh like never before. Put on a pair of chest waders and follow your guide in the marsh. This is great way to see the marsh and its wildlife up close and personal. It is a true multisensory experience!

*Wader walks can be physically exhausting, a change of clothes is recommended.*
