Join our list

Greetings!

Welcome to the Oak Hammock Marsh Interpretive Centre Newsletter. Here are some upcoming and noteworthy events happening this month.

Tiny Tots at the Marsh
January 9 - 10:30 a.m.

Toddler time at **Oak Hammock Marsh!**

Visit this drop-in session for story time, crafts, and/or games. Also includes free time in our interactive exhibits. Cost is \$5 per child, plus admission. For children 5 and under.

Canvasback Decoy Carving Workshop
January 12, 19 and 26

Learn to carve your very own Canvasback decoy from award winning carvers. This three-day course will teach you the classic North American art of decoy carving.

Pre-registration is required. Workshop fee is \$70 for Oak Hammock members, \$85 for non-members.

Astronomy Night - Exploring the 2014 Night Sky
Thursday, January 16 - 7 p.m.

Astronomy is one of the oldest sciences. Prehistoric cultures left behind astronomical artifacts such as the Egyptian monuments and Stonehenge. Early civilizations such as the Babylonians, Greeks, Chinese, Indians, and Maya performed methodical observations of the night sky.

Today, with the use of telescopes, the science of astronomy has leaped to an amazing level and is the leading science used in understanding the nature of the universe and its contents.

Amateur astronomers have contributed to many important astronomical discoveries and can still play an active role, especially in the discovery and observation of transient phenomena such as comets.

Join us and enjoy an evening of stories while exploring the night sky as we begin the the year's first astronomy night session.

Special theatre presentations and stargazing sessions from the rooftop observation deck will help you gain an appreciation for this heavenly hobby.

Snowshoe Workshop
Saturday, January 18 - 1 to 3 p.m.

It is believed that snowshoes were likely invented 6000 to 8000 years ago by mimicking some wildlife adaptations. Many animals, such as the snowshoe hare, jackrabbit and lynx have oversized feet enabling them to move quickly through deep snow.

Snowshoes were essential for aboriginal peoples, fur traders, trappers and anyone whose life or living depended on the ability to get around in areas of deep and frequent snowfall.

Join experienced snowshoer, **Dusty Molinski**, and learn about the different styles of snowshoes and their history. A snowshoe walk in the marsh and hot chocolate will follow.

Pre-registration is required. Workshop fee is \$5 plus admission.

World Wetlands Day Colouring Contest
From January 6th to February 2nd

February 2nd is **World Wetlands Day**. It marks the date of the adoption of the Convention on Wetlands on February 2, 1971, in the Iranian city of Ramsar on the shores of the Caspian Sea.

Each year since 1997 the **Oak Hammock Marsh Interpretive Centre** has been celebrating this event with many activities including a colouring contest.

The theme for World Wetlands Day this year is **Wetlands and Agriculture**.

To participate in the colouring contest, click on the link below to print the colouring sheet. Colour the page and drop it off or mail it to **Oak Hammock Marsh Interpretive Centre** before February 2nd; judging will take place on that day.

First Goose of the Year Contest
Starting January 27

Make sure to enter our **First Goose of the Year** contest, which for us marks the official arrival of spring.

Guess the date and time of the arrival of first Canada Goose at **Oak Hammock Marsh** and you could win a great prize!

Traditionally, the first goose arrives between the end of February and the end of March. Last year, the first goose was seen on March 15th.

To enter the contest, fill out a ballot at the **Oak Hammock Marsh Interpretive Centre**.

The contest will close on March 1st or when the first goose is seen.
