Greetings!

Welcome to the Oak Hammock Marsh Interpretive Centre Newsletter. Here are some upcoming and noteworthy events happening this month.

Birding Hour - Birding through your kitchen window

November 8 - 1 p.m.

Late fall and winter can be a good time to get acquainted with your backyards birds. For one thing, there are less birds around as most of the "hard to identify" birds have migrated south for the winter and the leaves in the trees are gone which gives you a better view of the birds that are still here.

Setting up a bird feeder in your backyard is also a great way to attract them and and you can enjoy watching all the activity from the comfort of your home.

Join our Resident Naturalist, **Paula Grief**, for this very special workshop and learn about how to better prepare yourself to bird watch through your kitchen window.

Workshop fee is \$5 plus admission

Astronomy Night -Astrophotography

November 19, 7 p.m.

Astrophotography is not your regular point-and-shoot photography. It's not carefully planned studio or nature photography. It's mostly an imaging exercise that involves a considerable amount of additional equipment - motorized mounts, filters, unique image capture and processing tools, and a willingness to stay up at night.

Join astrophotography **Sheila Wiwchar** for a presentation on how to capture the night sky. Her talk will introduce you to the type of telescope to use, the mountings to consider, the cameras, and a discussion of basic processing. You'll see lots of examples and have an opportunity to try your skills on the rooftop following the presentation.

Santa at the Marsh

November 28, 12 to 3 p.m.

Santa is coming to Oak Hammock Marsh!

Bring the whole family to the Marsh and have your picture taken with him.

Take in games and activities and bundle up and hop on our horse-drawn wagon for a gentle ride across the marsh.

Bannock and hot chocolate will also be available.

This will be a unique event you won't want to miss.
